500

The diagram shows a rectangular box representing an XML namespace definition. A curved line from the label '500' points to the top of the box. Inside the box, the text is as follows:

```
http://schemas.microsoft.com/2003/xaml/xmlns.definition  
  
<XmlNamespace Name="Microsoft Xaml 2003">  
  
510 ~<Schema Uri="http://microsoft.com/2003/xaml/xaml2003.xsd" />  
  
520 ~<Assembly Name="PresentationFramework" Version="1.0" >  
    <Namespace Name="System.Windows.Controls" />  
    <Namespace Name="System.Windows.Controls.Primitives" />  
    <Namespace Name="System.Windows.Documents" />  
    <Namespace Name="System.Windows.Shapes" />  
540 ~<Namespace Name="System.Windows.Media.Animation" />  
    <Namespace Name="System.Windows.Data" />  
    </Assembly>  
    <Assembly Name="PresentationCore" Version="1.0">  
        <Namespace Name="System.Windows.Media" />  
    </Assembly>  
530 ~<Installation Uri="http://microsoft.com/2003/xaml/Install.htm" />  
    </Xmlns>
```
